Dear Nial

I write on behalf of the members of St. Barnabas PCC.

They have asked me to express their sincere thanks for the masonry work you undertook for us recently.

Not only are we impressed by the finish of the work but also with the professional, courteous, polite, happy and helpful attitude you and your employees showed throughout the time you were with us.

It is all too easy to complain when work is substandard, but much rarer I think, to compliment tradesmen when they deliver excellent quality work.

Having met you, watched you working and seen what the "Good Guys" who care about their work deliver we have nothing but admiration for the skill you have.

We, as a committee, have no problems in recommending CDL Stone to any Church that needs similar repair work.

Again, many thanks to you and the boys for all your assistance. It is much appreciated.

Chris Moyse
